

LANDMARK

Difference

- All cases are constructed from 100% commercial grade melamine manufactured to European quality standards.
- Scratch, water and heat resistant.
- 5 sided drawers. No French dove tails on the drawer fronts.
- All drawer sides are made of commercial grade melamine not raw MDF or particle board.
- Very good quality metal side mounted drawer glides.
- Extra cross members on chest to eliminate racking.
- Cross member on bottom of chest to eliminate apron breakage.
- Double center panel on dressers to add stability, eliminate apron breakage and reduce racking.
- All case brackets used for assembly are screwed not stapled. This adds a tremendous amount of stability and durability to our cases.
